Ratcliffe College was founded in 1847 by the Institute of Charity, known as the Rosminians. Antonio Rosmini, the founder of the Order, was renowned as an educational innovator and that spirit has propelled the College forward ever since.

The original College buildings were designed by Augustus Welby Pugin, one of the leading exponents of Victorian Gothic architecture, who co-operated with Sir Charles Barry on the design of the Houses of Parliament. Surrounding the College, 200 acres of rolling parkland provide beautiful views from bedrooms and classrooms.

Children are able to board at the College from age 11. The boarding community is made up of around 100 boarders. Private boarding staff accommodation, as well as the student accommodation, is located within the main building of the School.

The College has an excellent tradition of Sport, with a full fixture list in a wide variety of sports including rugby, hockey, netball, athletics, tennis, cricket, rounders and swimming as well as an extensive programme of other co-curricular activities. The College has spacious grounds and excellent indoor and outdoor facilities, set within a beautiful estate. Two floodlit artificial hockey pitches and a newly constructed tartan athletics track. There are also five rugby pitches, six netball courts and eight tennis courts plus four cricket squares. The Sports Centre complex comprises a multi-purpose sports hall, state of the art fitness suite (opened in February 2019), squash court, an indoor 25m swimming pool and a second sports hall which opened in January 2020.
