

Our Mission Statement – the reason our College exists

“Learning & Growing in the Light of the Gospel”

With Christ at the centre of our learning, we:

- *Help young people to achieve their greatest potential*
- *Guide their intellectual growth, nurture their God-given talents, and inspire them to live in service to others*
- *Aim to develop honest, confident, responsible and compassionate members of society, based on the educational values of Blessed Antonio Rosmini*

Our Vision Statement – the long-term change resulting from our work

“Strength of Mind, Strength of Values, Strength of Purpose”

Strength of Mind

We aim to enable our students to be truly independent thinkers and to think ‘big’ ideas, using their creative instincts. We aim to empower our students to develop resilience through a growth mind set adopting a ‘not yet...’ rather than a ‘can’t do...’ attitude to their learning and their personal development. We aim to develop young people to become critical thinkers with the capacity for original thought and ideas. We aim to cultivate young minds to accept and welcome failure as a natural part of self-improvement and personal growth – how can we know how to improve unless we first fail?

Strength of Values

Ratcliffe College’s educational ethos and Christian values are emphasised by a strong sense of moral purpose and commitment to doing what is right for children and young people. With Christ at the centre of our learning, we educate young people to live their lives based on the Gospel Values: faithfulness and integrity, dignity and compassion, humility and gentleness, truth and justice, forgiveness and mercy, tolerance and peace, service and sacrifice.

As Christians, we hear the call of the Gospel to seek perfection by loving God and others with all our strength, anchored by our School motto, *Legis Plenitudo Charitas*: ‘Love is the fulfilment of the Law’. We aim to educate young people to see Christ in others and to help those less fortunate than themselves or those in need. As a through school with children from 3 to 18, we aim to instil a deep sense of community and belonging to the Ratcliffe College family of Schools: Nursery, Preparatory and Senior.

Strength of Purpose

Finally, we aim to educate young people to have a strong sense of who they are and their purpose in the world. We aim to inspire our young people to become the leaders of the future. Our aim is to nurture the God-given talents of every student, whether academic or part of the co-curriculum, so that they achieve their greatest potential and are equipped academically, socially, emotionally and spiritually to go forth and make a positive difference to the communities in which they live and work.

Ratcliffe College Senior School (Years 7-13)

Personal, Social, Health and Citizenship Education (PSHCE) Policy

Author: T Spencer	Receiver: All senior staff
Review Date: August 2021	Next Review: July 2022

Rationale

At Ratcliffe College the PSHCE programme supports the school's Mission Statement in the following ways:

- PSHCE raises the self-esteem of students, valuing and building upon the ideas of the young people themselves. It accepts that we are all different, yet all are equally valued: it encourages young people to consider the consequences of their own actions.
- PSHCE ensures that the students will develop the skills, knowledge and attitudes which enable them to take control of their own lives and remember their responsibility to others.
- PSHCE is reflected not only through the taught curriculum but also through our expectations; code of behaviour; relationships between students, between staff and between staff and students; the physical environment (classrooms, common rooms, boarding areas and corridors are aesthetically pleasing and well cared for); and a wide range of extra-curricular experiences.
- PSCHCE is inclusive of SMSC (including FBV) and the new RSE programme as these subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others', wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society.

Whole School PSHCE Aims

1. To help foster the Catholic ethos of the school.
2. To assist students in developing awareness of their responsibility to themselves, others and the school.
3. To foster a greater sense of security, co-operation and achievement at school.
4. To help students explore their own performance, feelings, attitudes and values; thereby fostering the development of a positive self-image amongst students.
5. To work towards the improvement of each student's academic performance throughout all areas of the curriculum.
6. To help students develop a greater sense of understanding and empathy towards other members of our school community.
7. To encourage students to examine and evaluate their attitude towards important social issues.
8. To prepare students for life after school in a time of increasingly accelerating social, moral and economic change.
9. To increase awareness of issues on the world-wide stage and promote a caring and sympathetic approach to the plight of others less fortunate than themselves.

Implementation – Teaching and Learning

A range of teaching and learning styles are used. Emphasis is placed on active learning, including the students in discussions, investigations, debates, role-play and problem solving activities. Visiting external speakers are a regular feature of the PSHCE programme and each Year group has the opportunity to hear a visiting speaker at least twice a term.

Planning and Organisation

The common topics are:

- 1 Personal health and well-being
- 2 Economic well-being & Higher Education
- 3 Citizenship
- 4 RSE (Relationship & Sex Education)

These will be taught in blocks to ensure continuity of learning and the number of lessons in each block may vary according to the topic content to be delivered.

A varying degree of emphasis is placed upon each of these themes in relation to the particular age, development and need of the student. Specific objectives for each year group are contained in the appendix.

PSHCE lessons are timetabled fortnightly on a rolling programme, the content of which is written as 'Programmes of Study'. The dates for PSHCE lessons in 2021-22 are as follows:

DATE	PERIOD	SESSION
